

Totemly brilliant

Indoor Anima Display

Innovative Digital Signage

imecon

A brilliant screen to market your product professionally

The Core of digital advertising

Display your products and information with brilliant colours at Full-HD resolution. A totem with a modern style driven by a fit-for-purpose content management system.

Elegant rigidity with metal enclosure

The structure is strong and durable while maintaining a modern design. Made of steel and powdercoated to give it a lasting professional finish.

Plug & Advertise

A content management system to control the media you want to play, is included.

Easy & Fast

A coffee break to install and see it working

Sharp imaging and vibrant colours

The Anima comes with a full-HD screen which will show all photo and video content in great quality and fine detail. The display has an excellent contrast ratio resulting in deep colours and real colour representation. Displaying true to life images, this screen will amaze you with fine lines and fluid motion.

A clear and crisp picture from every point of view

A wide angle

Perfect images from every point of view, without distortion or change of color. This viewing angle makes sure all who visit can see your message.

Fits all budgets

plug & advertise

MANAGE YOUR CONTENT

From a single device to an entire fleet, manage your content using Imecon's content management system. In a few clicks your message or advertisement is displayed on your screen.

RAPID CONFIGURATION

The Anima has been designed to be installed swiftly and with ease. Unpack, position it where you see fit, connect power and off you go. No screws, no tools. Configurable by remote control or just plugging in an USB stick.

WITH ITS HEAD IN THE CLOUD

Take Content Management to the next level using Imecon's simple online interface; a cloudbased subscription CMS to be able to plan, modify and publish content to all or just one totem from anywhere and any device. Total control is a click away.

Endless applications

Shops, Hotel Lobbies, Sports Centres, Hospital Waiting Rooms, etc.

Designed for indoor locations, the Anima stands its ground on its own on the shop floor to show this week's highlighted products, next to the reception in a hotel to welcome special guests and show them the way, display the program of the day in the gym or inform patients about the actual waiting times in the GP's waiting room. From advertisement to information; this is the product.

▼ Hotels

Welcome your guests and show them the way.

▼ Retail Stores

Sell your summer collection.

▼ Hospitals

Inform your patients & clients.

▼ Sports Centres

Show class-schedules or the energy drink of the month.
